POP UP BATH WASTE WITH OVERFLOW

EN INSTALLATION AND CARE GUIDE

Please retain for future reference

LUSSO

INTRODUCTION

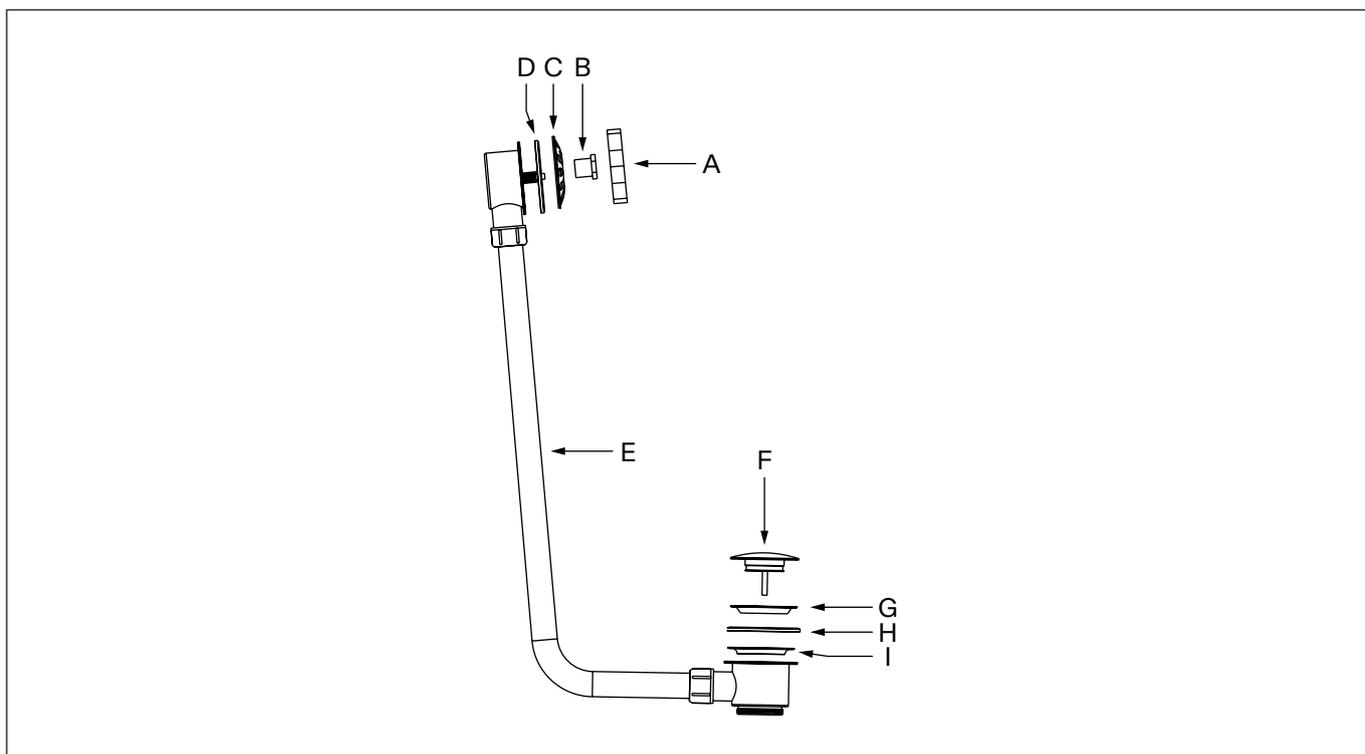

Thank you for purchasing the Luxe Pop Up Bath Waste with Overflow.

Please read this guide carefully before installing, using and cleaning this product, and retain it for future reference.

If you have any queries in relation to this product or guide, please contact our Customer Service team on 020 3370 4057.

PRODUCT KIT

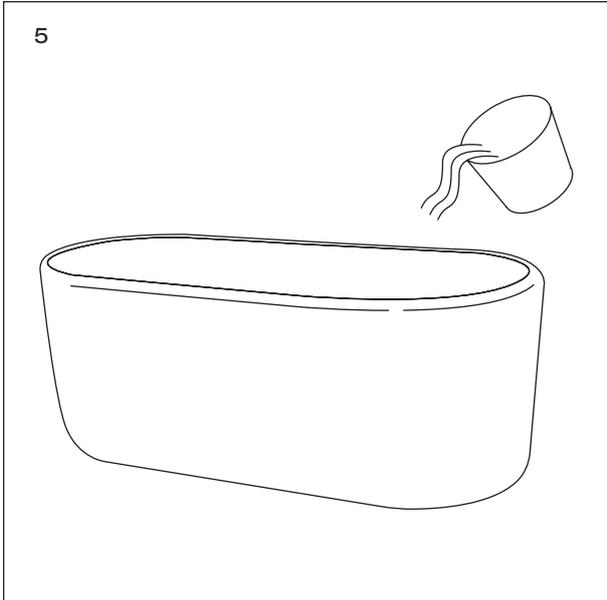

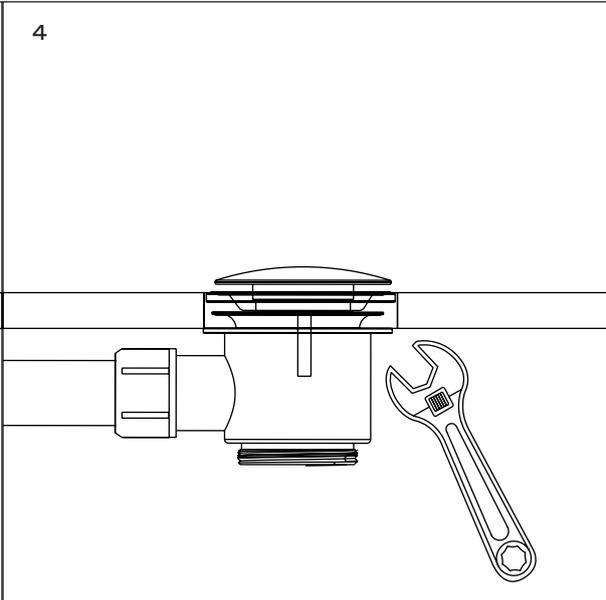

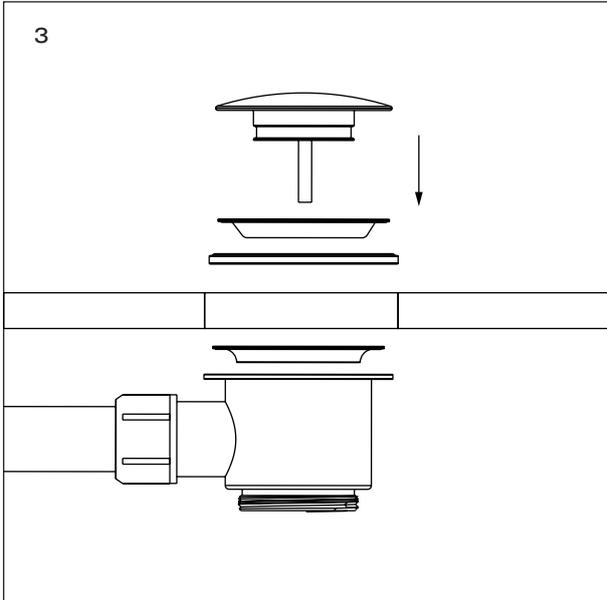

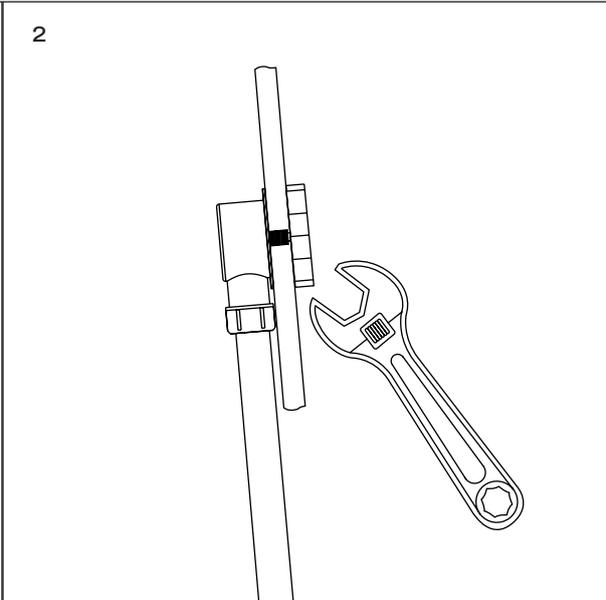

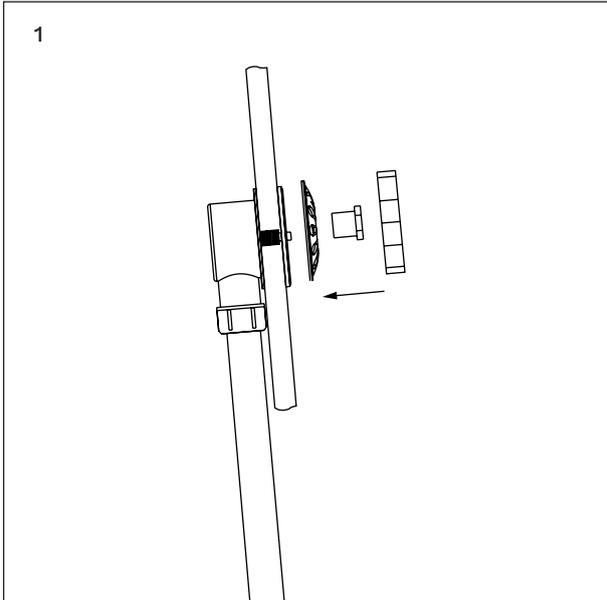

- A** Overflow Cap
- B** Screw
- C** Overflow Plate
- D** Rubber Plate
- E** Entire Main Body
- F** Waste Cap
- G** Waste Filter Plate
- H** Rubber Ring
- I** Rubber Plate

INSTALLATION STEPS

To ensure a flawless result, this product must be installed by a fully qualified professional.

- 1** Locate the overflow opening positioned on the side of the bathtub. Take the overflow faceplate and attach it to the overflow pipe, ensuring the rubber gasket or seal is correctly positioned between the faceplate and the bath to provide a watertight seal.
- 2** From inside the bath, insert the overflow assembly into the overflow opening. Secure it by tightening the fixing nuts, ensuring the assembly is correctly aligned and firmly seated.
- 3** Locate the waste outlet at the base of the bath. Insert the waste fitting through the drain opening from inside the bath, placing the rubber gasket between the waste body and the bath surface to ensure a secure, watertight seal.
- 4** From beneath the bath, secure the waste body using the locknut. Tighten carefully using an adjustable wrench, taking care not to overtighten, as this may damage the bath or compromise the gasket.
- 5** Once installed, fill the bathtub with a small amount of water. Carefully inspect the overflow faceplate, the connection between the overflow assembly and the drain hose, and the main waste fitting for any signs of leakage. If any leaks are detected, drain the water, gently tighten the relevant connections, and repeat the test until a perfect seal is achieved.

CARE INSTRUCTIONS

To clean and maintain the flawless finish of this product, please follow the below instructions. Improper maintenance will void your product guarantee.

- ✓ Rinse the surface with clean water or a mild glass cleaner.
- ✓ Wipe dry with a soft cloth.
- ✓ Remove any marks using a neutral cleanser, non-abrasive cleanser.

✗ Do not use acidic or harsh chemical cleaners.

✗ Do not use abrasive cleansers or cloths.
