

Technical drawing of a rectangular box with a handle and a circular connector. The box has a width of 400 and a height of 105.5. The handle is a U-shaped structure on top of the box. The circular connector on the left has three small circles inside. Dimensions are provided in millimeters.

Dimension	Value
Width	400
Height	105.5
Handle Height	94
Bottom Section Width (Left)	122.5
Bottom Section Width (Middle)	81.5
Bottom Section Width (Right)	126.5

This technical drawing illustrates a wall-mounted shower mixer tap assembly. The main unit is shown in a three-quarter perspective, featuring a curved handle on the left and a vertical spout on the right. The handle is connected to a lever mechanism. The spout has a cylindrical body with a flared top. A separate, detailed view of the spout's internal structure is shown on the right, revealing a series of horizontal slots or a mesh screen at the top. The assembly is mounted on a wall plate with visible screws. The drawing is a line art illustration, typical of technical manuals.

LUSO	Product Name	Urban Series
	Product Type	Wall Mounted Bath Shower Mixer Tap

All dimensions provided in millimeters.
